ATTENTION - Please note before assembling your TV stand

- Check that you have all the parts and familiarise yourself with this installation guide.
- Make sure you have enough space to layout all the parts. Keep children and pets away from the work area, small parts could choke them if swallowed.
- Assemble the TV stand on a soft level surface as close to its final position as possible.

WARNING

- We do not recommend the use of power drills. Only use hand screwdrivers and do not overtighten the components unnecessarily.
- Do not stand or sit on the TV stand, this could cause damage.
- Only use this product when fully assembled.
- Do not place very hot or cold items on any part of the TV stand unless adequately thick table mats are used.
- When cleaning the TV stand use a damp cloth with washing-up liquid or soap. Do not use washing powder or any other substances containing abrasives.
- Do not place TV near to the front of the tv stand.
- Always site the TV stand on firm level ground and ensure that the base is fully in contact with the ground.

2 people are required to lift the unit during assembly.
